VISION, MISSION & GOAL

To be a successful Global Technology company which delivers innovative and value-driven ICT products to our customers.

Vision

To provide innovative technology & solution that will improve our clients' business process to maximize profitability & competitiveness.

Mission

To change the way people think about technology, encourage transformation of our customer business through the technology enhancement.

Goal

WHAT WE DO?

PRODUCTS & SERVICES

Workplace Collaboration

Large Format Display

Audio Visual

Audio & Video Conferencing

Video conferencing boosts productivity, saves time, reduces travel expenses, and overall promotes collaboration. With Geon Asia's all-time expertise in audio system, we assure to provide you an ideal audio solution which will reach the audience crisp and clear.

Wireless Presentation & Conferencing

Work seamlessly with Video Conferencing Platform. Easily integrate wirelessly with your existing camera, microphone, speaker, and laptop display.

Interactive Display

Smart Board is an interactive display that drives more productive and efficient collaboration without hassle. Helps you work smarter, faster and better.

Meeting Room Booking System

Meeting Room Booking System makes scheduling, cancelling, and using conference room spaces the right way both more convenient and more likely.

Digital Signage

Digital signage is an advanced way to advertise your product to the public. With the modern LCD and LED technology, we assure you that these micro-sized components can illuminate a mesmerizing display to the passerby.

LARGE FORMAT DISPLAY

CONTROL ROOM & VIDEO WALL

From control and command center to conferencing rooms and broadcast studios, get mesmerized by the details with our ultra-high definition LED displays.

Indoor & Outdoor Display

LED Display can deliver your ideas vibrantly where the passer-by will be mesmerized by the vivid graphic with just a glance.

LARGE FORMAT DISPLAY

Self-Service Kiosk comes with optional touchscreen feature. It delivers marketing content or even directory search for shopping malls, retail outlets, office complexes etc.

Self-Service Kiosk

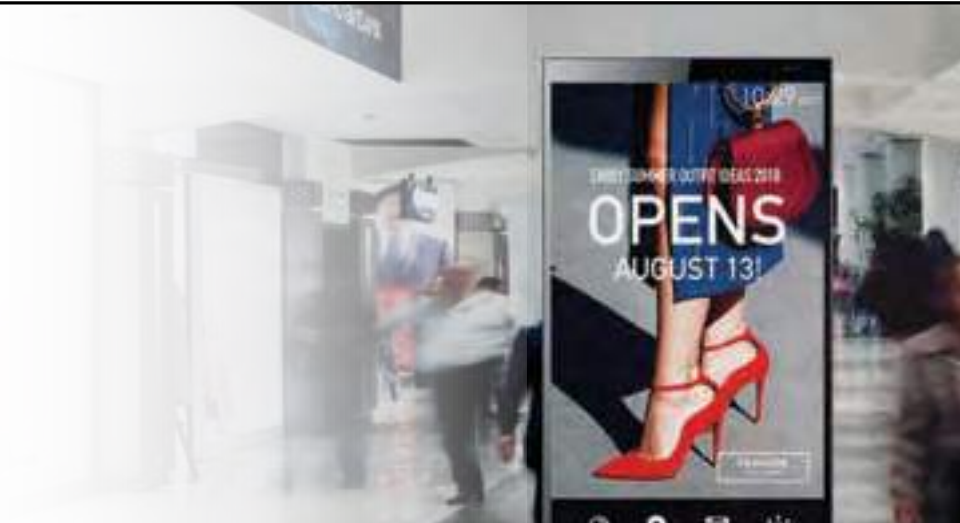

Cloud Content Management

Geon Cloud provides a one-stop retail business management solution through cloud technology that integrates digital marketing, POS system, payment gateway and various business tools into one consolidated web-based application.

AV Equipment Leasing

We offer hardware & solution leasing for digital signage & audio visual.

System -Integration & Installation

We provide consultancy, advice, design, system-integration according to our client budgets, needs & expectations. Also, we can integrate video conferencing PTZ Camera & Smart Board with the existing PA system to enhance the video conferencing quality, increase the capacity & also minimize cost for our clients.

Teleprompter

Teleprompter enhances your presentation. It allows you to focus on your physical expressions and give speech naturally at the same time.

AV Mounts & Accessories

AV Mount can support TV as big as 100" and as heavy as 200 pounds. We even offer TV carts that can hide your TV after a meeting is done.

Live Stream Broadcasting

Reach out your audiences from anywhere and anytime. Live streaming is a modern way of strategy to market and promote your business ideas. Going virtually and gaining great impact at the same time.
